Performance runs from 7:00 - 8:00 p.m.

Welcome to Ice Theatre of New York's Spring Skating Performance/Party *On the Edge*. All of tonight's performances are representative of the evolution of artistic skating as a dance form, and are indicative of the unique direction Ice Theatre is pursuing toward a new definition of ice performance.

Ice Theatre of New York is committed to presenting the finest professional skaters in choreographic works which celebrate and challenge the state of the art. Tonight's program includes works which demonstrate classical skating at its finest, and others which attempt to stretch the boundaries of traditional ice performance. Ice Theatre has recently been awarded grants from the National Endowment for the Arts and the New York State Council on the Arts to explore ensemble artistic skating, this thrilling theatrical form, in which sport and art come together so uniquely.

Your support of the company will allow this process to continue and to grow. We look forward to seeing you at future Ice Theatre on New York performances.
