PERFORMANCE '93

**June 10th and June 11th
1993**

7:30 pm

Welcome to Ice Theatre of New York and Sky Rink's Performance '93. This is not our first collaboration, as Sky Rink has been the home of Ice Theatre since the company's founding in 1984. The Sky Rink Winter Games training facility is New York's only indoor Olympic-size ice arena. Ice Theatre thanks the Sky Rink Board of Directors and management staff for maintaining this facility and for their support of the activities of Ice Theatre, the nation's first artistic ice skating dance company.

Ice Theatre of New York, Inc. is the United States' first artistic skating ensemble. Its many programs provide an environment where professional skaters from various backgrounds can collaborate with dance choreographers, musicians, writers and visual artists to prepare and perform new skating pieces.

The company has performed and conducted classes throughout the United States, Canada and abroad. Along with works by Artistic Director Rob McBrien and Director Moira North, the company has commissioned works by modern dance choreographers Ann Carlson, Laura Dean, Matthew Nash and William Whitener. To complement its vanguard ensemble work, the company regularly features such figure skating notables as Gary Beacom, Toller Cranston, Maia Usova and Alexandre Zhulin.

Ice Theatre's unique educational programs include on- and off-ice workshops that stress strong skating technique, theatricality and ensemble skating, an Apprentice Program and the Skating Program at the Professional Performing Arts School. Ice Theatre is enjoying increased acclaim for its efforts in developing ice skating as a performing art and expanding the possibilities of the discipline.
